

## QUEENSBOROUGH STUDENT VETERANS RECIPIENTS OF THE FRIENDS OF VETERANS NEW YORK AWARD.

**Sandra Georges**

**Branch:** Air Force veteran serving a total of 7 years.  
**QCC Major:** Nursing.

**M**y plans for the future are to get my Bachelor's in Nursing, obtain my Masters in Women Health and become a certified midwife and to get a Doctorate in Pediatrics. I plan to have my own practice and become a holistic nurse practitioner. Lastly, I plan to build and educate my community by starting a platform on YouTube for self-education and growth and hopefully, later on in life, open a facility to educate and mentor young adults. This scholarship will help me in achieve my goals by helping me pay for my education and my dream to build and educate my community.

**Anthony Panicola**

**Branch:** United States Marine Corps  
**QCC Major:** Criminal Justice Associate of Science

**F**uture Plans: For my future plans, I plan to continue my education at John Jay College of Criminal Justice. Currently I am pursuing a Criminal Justice Bachelor of science, minoring in law and police studies. I'm hoping to become a police officer for the NYPD. I have taken the written test already. Now, it's a waiting game until I receive an email from them. I had plans of continuing my education and joining the NYPD before getting out of the military.
